## PASSIVE FOREIGN INVESTMENT COMPANY (PFIC) ORGANIZER (IRS FORM 8621)

(FOR INTERNAL USE ONLY BY ABITOS ADVISORS, LLC)

#### FOR TAX RETURN YEAR ENDED CURRENT DATE

(Each spouse complete a separate organizer)

#### TO AVOID DELAY WITH YOUR RETURN PLEASE ANSWER ALL QUESTIONS AND PROVIDE COPIES OF NECESSARY DOCUMENTATION

Certain non-U.S. mutual funds, exchange traded funds (ETFs), income trusts (including those that operate a business or that own rental real estate) and Canadian or other <u>non-U.S. private holding companies</u> may be treated as PFICs, depending upon the nature of their assets and operations. PFICs generally are taxed <u>very adversely</u> in the US. Exceptions may apply if they are owned in a pension plan.

Under U.S. rules the sale of an interest in a "passive foreign investment company" (PFIC) for a profit, or receipt of excessive dividends, can potentially result in the profit, or dividends, being taxed at the <u>maximum</u> "ordinary" (graduated) income tax rates instead of the generally preferable long-term capital gains tax rates. Furthermore, there can be a "throwback" of tax to prior years and an interest charge for unpaid prior tax. Please contact us if you have questions and/or would like us to review your various investments to determine if you are required to file IRS Form 8621, are otherwise subject to the PFIC provisions, or if a "mark to market" or "qualified electing fund" election would be available or advantageous to you. In certain cases where a U.S. income tax return is not required to be filed, Form 8621, the annual information return with respect to PFICs may still be required to be filed.
